

01

BINGHAM HALL

- Glass, plastic, paper recycling
- Drinking water treatment system and drinking fountains
- Purchasing
- Cleaning and school bus services
- Elevator and ramp
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Battery disposal
- Outdoor temperature sensors

02

NEJAT ECZACIBAŞI HALL

- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Outdoor temperature sensors
- Ramp
- Drinking water treatment system and drinking fountains
- Radiators with thermostatic valves
- Battery disposal
- Air-conditioning systems

03

FEYYAZ BERKER HALL

- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Outdoor temperature sensors
- Elevator and ramp
- Drinking water treatment system and drinking fountains
- Battery disposal
- Electronic waste disposal
- Radiators with thermostatic valves
- Batteries with sensors

04

SUNA KIRAÇ HALL

- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Batteries with sensors
- Ramp
- Drinking water treatment system and drinking fountains
- Radiators with thermostatic valves
- Battery disposal
- Outdoor temperature sensors

05

GOULD HALL

- Air-conditioning systems
- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Drinking water treatment system and drinking fountains
- Emergency PA and wireless system
- Radiators with thermostatic valves

- Central heating at the building
- Outdoor temperature sensors
- Conservation of cultural heritage
- Elevator and ramp
- Battery disposal
- Batteries with sensors

06

MITCHELL HALL

- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Outdoor temperature sensors
- Drinking water treatment system and drinking fountains
- Battery disposal
- Batteries with sensors
- Radiators with thermostatic valves

07

WOODS HALL

- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Outdoor temperature sensors
- Elevator
- Drinking water treatment system and drinking fountains
- Battery disposal
- Batteries with sensors
- Radiators with thermostatic valves

08

SAGE HALL

- Paper recycling
- Indoor and outdoor LED lights
- Central printer
- Central heating at the building
- Health services
- Ramp
- Drinking water treatment system and drinking fountains
- Battery disposal
- Batteries with sensors
- Radiators with thermostatic valves
- Outdoor temperature sensors

09

MKSC

- Catering
- Indoor and outdoor LED lights
- Air-conditioning systems
- Feedback via surveys and screens
- Elevator and ramp
- Drinking water treatment system and drinking fountains
- Batteries with sensors
- Outdoor temperature sensors
